Alternative Land Use Proposal Submitted by Zito

Total Number of Residential Units by Location

	Arcadia	Campus Industrial*	Pleasant Hills Golf Course**	Evergreen Valley College***	No. Units
Total Units per Opportunity Site	1800	900	600	300	3,600
Dist 8 Background Pool	--	--	--	--	400
TOTAL UNITS					4,000

* 120 contiguous acres retained on opportunity site for job retention and parks. (possible HS site)

** 40% to be allocated for parks & open space

*** Or a High School Site on the entire 27 Acres - This would NOT reduce amenities funding.

Note 1: All housing and commercial development should be compatible with adjoining and existing housing in terms of unit density, architectural style, and building height – Max = 4 stories

Note 2: Distribution of affordable units subject to change as long as ~19% assured for total development

Note 3: Residential development of the Arcadia site should not occur until light rail or alternative transit facilities “break ground” on a Capitol Expressway/Eastridge Station. However, the Arcadia Community Center should be constructed in Phase 1 or 2 of the overall project.

Total professional, commercial/retail/office space by location

Opportunity Site	Area (ft ²)	Notes
Campus Industrial	0	Retain 120 acres as Campus Industrial, Parks & Open Space
Arcadia	100,000	Light commercial, small office & business; medical/dental
Pleasant Hills Golf Course	50,000	Light commercial, small office & business; medical/dental
Evergreen Valley College*	100,000*	This site will preclude the construction of a super market/grocery store
District 8 Background Pool	50,000	Distribute small office & business; medical dental
Total	300,000

* Includes Little League fields, 12 acre elementary school, and a 35 acre high school (ESUHSD must buy the land). Legacy site should be marked as an industrial reserve with a footnote that this could be swapped out for an in-lieu fee to allow the City to purchase industrial land elsewhere in the city.

** Should include the dedication of land for a fire station, and a pedestrian crossing linking the site to the entrance of Lake Cunningham, and a multi-purpose building/community center on the proposed school site.

*** Reserve acreage (20) for potential High School and include a pedestrian crossing from Evergreen Park (Yerba Buena Rd.) at the existing pedestrian bridge to the commercial area at the southern edge of the site.
